Art Unit: 1625

The finality of the previous action has been withdrawn. The application is reopened on the new ground of rejection.

The Status of Claims

Claims 1-2, 4-9 are pending.

Claims 1 and 4-9 have been rejected.

Claim 2 has been objected.

***Claim Objections***

Claim 2 is objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

***Claim Rejections - 35 USC § 112***

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 1 and 4-9 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

The phrase "a liquid medium" is recited. This expression is vague and indefinite because in dispersing the adipic acid in the liquid medium, there are many kinds of the liquid mediums to be used or not to be used depending its solubility. The specification describes none other than water or a water/acetic acid mixture. Therefore, an appropriate correction is required.
